Product description

Bag Closing Machine / Stitcher Yao Han F900A

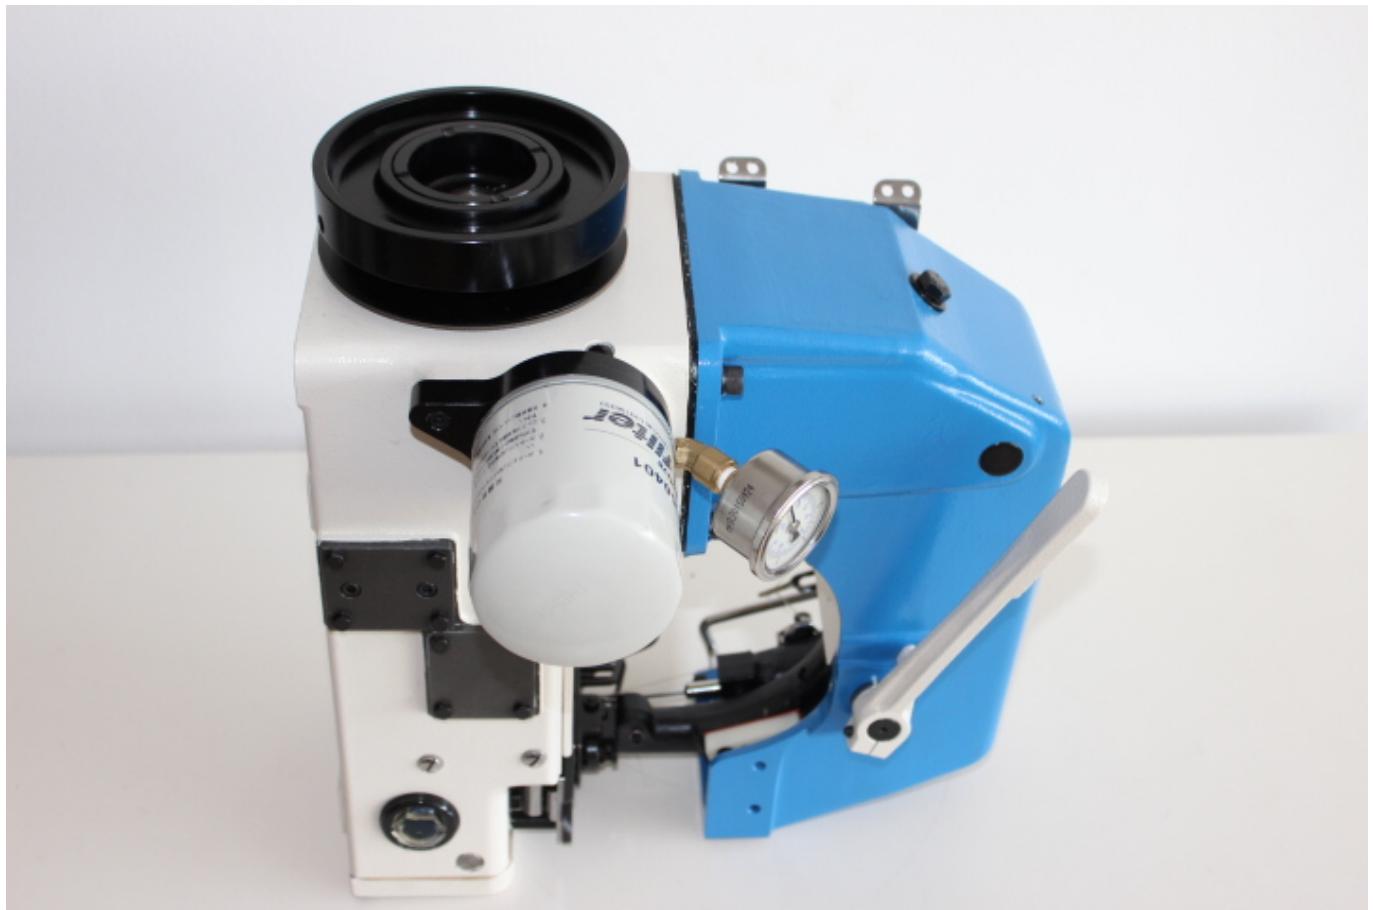

Stationary bag closing machine **Yao Han F900A** is a very popular model of industrial stitchers, **designed for mounting on a tripod or column**. Model **F900A** is a **reliable single reinforced stitch** (2-thread) designed for stitching different kinds of bags: **paper, cotton, PP/PE, hessian, jute etc.**

The highest quality of Yao Han stitching machines

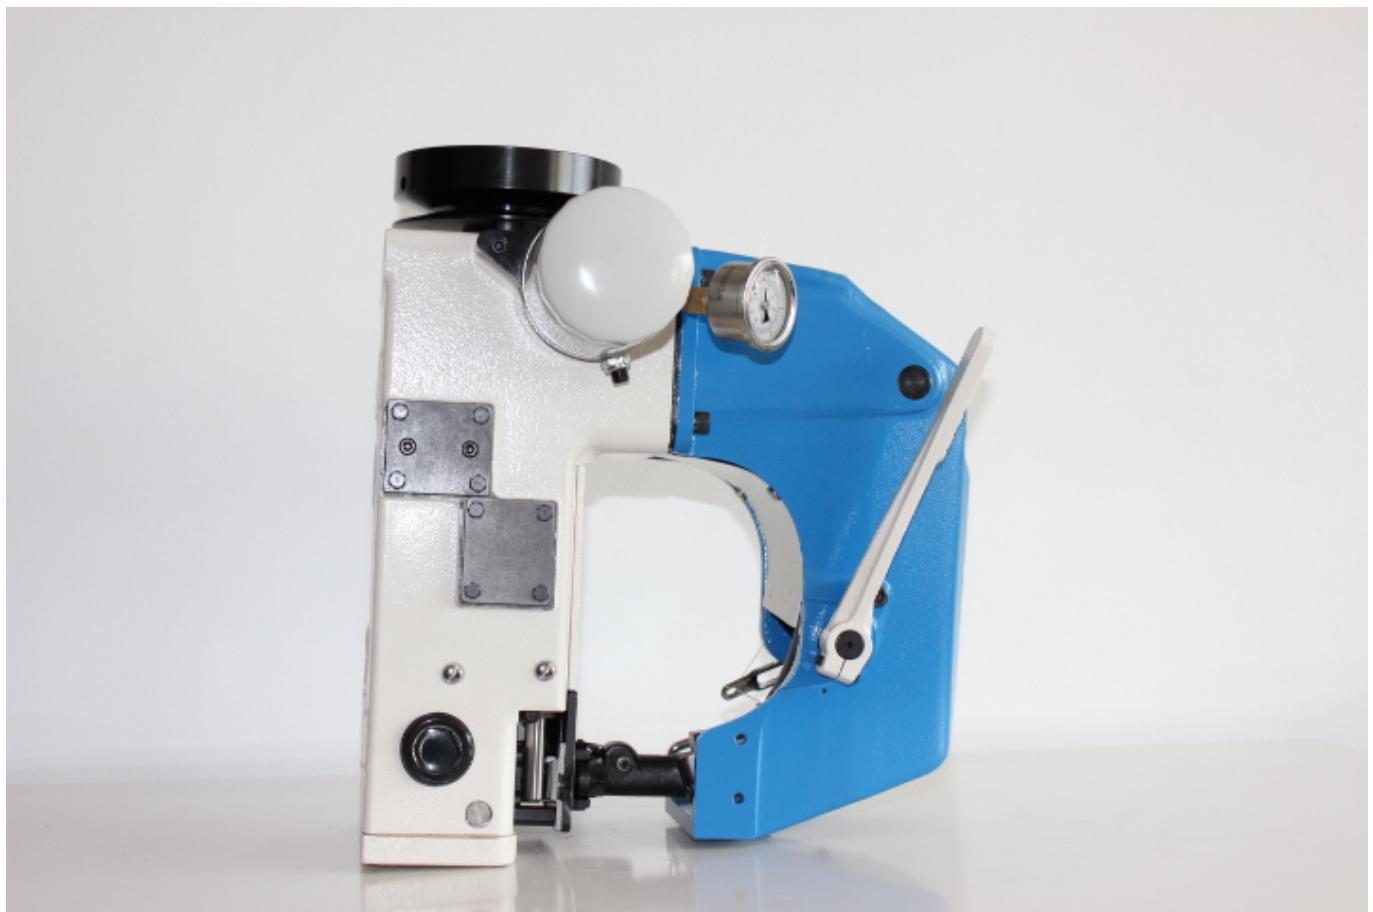

This model has **very well balanced rotating parts** of the machine. This affects the **quiet operation** of the sewing machine and **low level of vibrations**.

Additional features for the F900A

The F900A model has a **mechanical thread cutter** and an **automatic lubrication system**. As a result, **our only task is to check the oil level and refill it**.

Yao Han F900A can be easily adapted to the existing equipment. The **F900A** can be used with **standard double or 1-thread stitch** and the **stitch width is adjustable** from 2 ~ 5 stitches per inch (7 ~ 12 mm).
